STEP

300x1200mm

This punch is specially designed for step & riser tiles. It highlights the edge of the step with its pattern to show the beginning of the step.

Bull Nose Protrusion

The step & riser tiles are created keeping in mind the need to install tiles in stairways or such high spaces. Our step & riser tiles are designed with a bullnose edge to avoid any harm that might occur due to sharp-edged tiles while climbing up or stepping down. These tiles come in 15mm thickness and with an anti-skid surface to provide a comfortable and durable experience.
